

# Eurythmics, Walk Into The Wind

You have to learn to love my loving  
Turn around and say you care  
You have to learn to give by giving  
Give me a beatnik love affair  
We'll watch the shooting stars go crazy  
So what d'ya say, a definite maybe  
Should we walk into the wind  
Maybe fall when autumn falls  
Let's walk into the wind  
You have to learn to touch by touching

Touch me, touch me if you dare  
We've reached the end of the beginning

In this beatnik love affair  
Should we walk into the wind  
Maybe fall when autumn falls  
Let's walk into the wind  
Before you taste another tear my love  
I know a place where rainbows end  
The kingdom of the final kiss is but a breath away  
Here come those shooting stars again

Should we walk into the wind  
Maybe fall when autumn falls  
Let's walk into the wind
