

# Eva Cassidy, The Waiting Is Over

(David Christopher)

I asked a question looked to the sky  
Waited to hear a reply  
I wanted to know  
What the future would hold  
Would I spend my life looking for you

The waiting is over today  
The waiting is over forever

I noticed a feeling awake in my heart  
The moment my eyes turned to you  
A warmth in my soul  
That slowly took hold  
The power of love takes control

The waiting is over today  
The waiting is over forever

As I turned away I noticed a smile  
A joyous gleam in your eye  
I headed out laughing  
You by my side  
Together the rest of our life

Oh the waiting is over today  
Yeah the waiting is over for ever  
The waiting is over today  
The waiting is over
