

Eve 6, Bring The Night On

Ok...

Ok I'm boring you, but I'm warning you tonight
Is not the night for fights lies white or otherwise
My mood isn't better yet
Sober and humorless
If you can't handle this, roll out the mattress
I'm tryin' to let you know that you're not just another
When you're under the covers, I'm under your thumb
You're the finest of specimens
Leavin' me breathless
Feelin' restless
Puttin' me to the test

Turn the light off, leave me where I lay
Bring the night on, not another day
Turn the light off, leave me where I lay
Bring the night on, not another day

Ok I'm lyin' when I'm tellin' you you're right
But you don't like your truth served straight or otherwise
And I'm an insomniac, tossing and turning and
It's getting repetitive, swallow a sedative
I'm trying to let you know that you're not just another one
You're under the covers, I'm under your thumb
And you're the finest of specimens
Leavin' me breathless
Feelin' restless
Puttin' me to the test

Turn the light off, leave me where I lay
Bring the night on, not another day
Turn the light off, leave me where I lay
Bring the night on, not another day

Not another day
Not another day
Not another day!
(Not another day!)
Not another day!
(Not another day!)
Not another day...

Ok I'm boring you, but I'm warning you tonight
Is not the night for fights lies white or otherwise
My mood isn't better yet
Sober and humorless
If you can't handle this...BREAK!
Roll out the mattress

Turn the light off, leave me where I lay
Bring the night on, not another day
Turn the light off, leave me where I lay
Bring the night on, not another day

Not another day [x3]
