

# Eve, Be Me (Uncut)

I'm just trying to be me, to be me,  
One  
Cause I really wanna see the world,  
Always knew I was a supergirl,  
Stayin Laced in diamonds and pearls,  
That's the way you gotta treat a girl,  
One  
Cause I really wanna see the world  
Always knew I was a supergirl,  
Stayin laced in diamonds and pearls,  
That's the way you gotta treat a girl,  
When I was broke,  
Cats is like, Do Dat,  
Now that I got somethin  
Cats is like, Screw dat  
They wish I woulda blew dat  
Back with them complainin  
Spazin, Stressed out,  
Not Maintainin,  
I move on, Speak shit so far,  
So far,  
So long,  
You da one that made me move forth and blow on  
Blew up,  
Call me cherry bomb  
Change my hair from blond,  
Mad cause I can go inverstigate  
The whole guchi line  
Let me live Niger,  
Did this with my own rhymes,  
Publishins a motherfucker baby,  
In our own minds,  
Work hard,  
I deserve the best in life,  
She stayed clean,  
I deserve to be dressed up right,  
She spits mean,  
God defonaty dressed her right,  
We can all buy diamonds and furs,  
Nothing to tell,  
We can all by the phone but we all can't sell,  
Your careers it,  
Change the style, wear a bell,  
huh,  
One  
Cause I really wanna see the world  
Always knew I was a supergirl,  
Stayin laced in diamonds and pearls,  
That's the way you gotta treat a girl,  
One  
Cause I really wanna see the world  
Always knew I was a supergirl,  
Stayin laced in diamonds and pearls,  
That's the way you gotta treat a girl,  
Mad cause we got shit,  
Drop when I drop shit,  
Mad cause we killin it,  
All we do is drop this,  
Long cats,  
21  
in the best in the stop shit,  
Callin  
Braggin  
Waiting long so I could cock shit,

Now I'm S\*posed to down play,  
All the things I want in life?  
got my own money now,  
Aint gotta be no body right,  
Only if I want to,  
Not cause I need to,  
chose the situations I do and do not go through,  
Told you I was gonna make it big,  
Grow, this is dedicated to all the haters know,  
but they knew what they was,  
haters created my buz,  
talkin bout me,  
made people wonder who she was,  
And Im here now,  
Goin on my subject again now,  
Fuck it,  
We could take it there,  
keep it at the stair down,  
now I think that my message is clear now,  
That bitch,  
E-V-E sing it what you hear now?  
One  
Cause I really wanna see the world  
Always knew I was a supergirl,  
Stayin laced in diamonds and pearls,  
That's the way you gotta treat a girl,  
One  
Cause I really wanna see the world  
Always knew I was a supergirl,  
Stayin laced in diamonds and pearls,  
That's the way you gotta treat a girl,  
Travilin in me away,  
It was atlantic city now,  
Float me in the boat was atlantic city now,  
Feel me,  
Gotta come to the tables with something  
cause I got mine,  
got somethin with eve, royally,  
Not just pipe lines,  
Say Ive got tight lines,  
That just makes the jelly,  
I said it before I could fill my own belly,  
Need you for what? Yeah,  
Where you fit it if you can,  
And Im gonna keep it comfortable  
That's my plan  
understand?  
I'm just trying to be me,  
bubleing philly bitch,  
Cause Im gonna boss it and floss,  
I aint no silly bitch,  
Bet she come and fool ya quick,  
From Chips ta whip,  
Keys to her own crib,  
Big shit ya grip,  
Livin it now so ya simmerin down yo,  
Whose she?  
Oh, I remember her now,  
Niggers couldnt stand her now,  
they wanted to get with her pound,  
Down with noah,  
Cause now my feet are planted in the ground,  
One  
Cause I really wanna see the world  
Always knew I was a supergirl,

Stayin laced in diamonds and pearls,  
That's the way you gotta treat a girl,  
One  
Cause I really wanna see the world  
Always knew I was a supergirl,  
Stayin laced in diamonds and pearls,  
That's the way you gotta treat a girl,
