(What we need in our life?)
Is right here

{Eve}
Rubia huh?
Papi screamin' out of they mouth
Bombshell, just a second Mami, wanna speak out
What I need in my life, make ya bodyu freak out
Baby seem like the type, married niggas sneak out
Like I'm ballin ya'll, yes I be appalin ya'll
Boss type hold it down, wantin all of ya'll
Callin' ya'll never chasin me down
Three weeks, heartbroken, yes you hatin me now
She speaks, soft spoken, til she datin the clown
I'm takin' 'em down, reel 'em in and main' 'em drown
Mistake, I said himme, bet I'm takin' it now
What I need from a nigga negative in his sound
Au-decatiy, even, aksin' me
For ass, I laugh, this bitch is fast and free
Swatiin' 'em off, when I see this niggas a flea
Plottin' of course for riches, millionair wannabe

Popular since I startyed my life
Eve you know my name, probably the dangerous type
Brick house stall-ion, thinkin you tamin' me right?
Not this baby Del-Philly streets they raisin' her right
Kep it pretty or can make it gritty be a LADY!
Need boots pocket books and a baby 380!
But prefer to keep it, calm and cool
When I'm heated I suggest you move
Just avoid a bad situation, what you got to proove?
Leave her be, chickin squakin hatin' frequently
Mad they man is obsessed and stalkin me
If he, icy enough, I'm pricin' his stuff
Be nicey enough, to let him spend, I'm calling ya bluff
Puttin' it down, Ruff Ryders put in they work
Snatched up the illest viscous pitbull in a skirt
(Grrrrr) Makin' 'em hurt, haters steady dishin' up dirt
Changin' the game, settin the rules, makin' it work, uh

Leavin' 'em scared, Mami takin' all of this here
All of this fame I'm hungry hope you cats is prepared
Niggas, set me up and I'ma take it and run
think it's a game? Just check out how my format is done
Stoppin' your shine, and I do it to perfection
Made a promise everytime I touch the mic to bless 'em
Used to tease me how I keep is greasy just to test 'em
Eve handcuff niggas but I don't arrest 'em
Shorty-band hear the niggas singing', shoutin' my name
Make the thuggish niggas scream, watchin' me entertain
Dicks brick when I lick the lips, just keepin' it plain
Fantasizin' bout this bitch, got 'em goin' insane
Ooh's and ahh's, 5'7", thick in the thighs
Every thugs dream wife, see the love in they eyes?
My time to shine, whole package make her a dime
Want some more? It ain't over, just keep pressin' rewind , uh
