

Even Stevens, Sister Hazel

I've seen her eyes blink from red to blue
I'm quite the lumber man, I wanna flow with you
So go on sister hazel take a slice off of his pie
Cause you can do no wrong in your fathers eye

(Chorus)
Sun breaks day
Sun breaks day
It takes a week of my life
It takes a week of my life

I die to live and I live to die
It's a cat for dog girl and yours for mine
So, sock it to me just one more time before I go
Sing it to me just on more time just before I go

Chorus
