

# Everclear, Everything To Everyone

You put yourself in stupid places  
Yes I think you know it's true  
Situations where it's easy to look down on you  
I think you like to be the victim  
I think you like to be in pain  
I think you make yourself a victim  
Almost every single day

You do what you do  
You say what you say  
You try to be everything to everyone  
You know all the right people  
You play all the right games  
You always try to be  
Everything to everyone

Yeah you do it again  
You always do it again

You say they taught you how to read and write  
Yeah they taught you how to count  
I say they taught you how to buy and sell  
Your own body by the pound  
I think you like to be the simple toy  
I think you love to play the clown  
I think you are blind to the fact  
That the hand you hold  
Is the hand that holds you down

You do what you do  
Yeah you say what you say  
You always try to be everything to everyone  
You know all the right people  
You play all the right games  
You always try to be  
Everything to everyone

Spin around and fall down  
Do it again  
Yeah you stumble and you fall  
Yeah why won't you ever learn?  
Spin around and fall down  
Do it again  
Yeah you stumble and you fall  
I wonder if you will ever learn

Yeah why won't you ever learn?

Come on now  
Do that stupid dance for me

Come on, come on, dance with me

Ooh, yeah

Oh you do what they tell you to do  
You say what they say  
You try to be  
Everything to everyone  
Yeah you jump through the big hoop  
You play all the right games  
You try to be everything to everyone

Spin around and fall down

Do it again  
You stumble and you fall  
Daddy do it again  
Spin around and fall down  
Do it again  
You stumble and you fall
