

Everclear, So Much For The Afterglow

This is a song about Susan
This is a song about the girl next door
This is a song about the everyday occurrences
That make me feel like letting go
Yes I think we got a problem
So much for the afterglow x 2

This is a song about Susan
Yeah this is a song about the way things are
This is a song about the scary things
You see from the corner of your eye
Don't you wonder why?

We never talk about the future
Yeah we never talk about the past anymore
We never ask ourselves the questions
To the answers that nobody even wants to know
I guess the honeymoon is over
So much for the afterglow x 4

(Nah Nah)
(Nah Nah)

Ooh I remember we could talk about anything
I remember when we used to want to hangout
I remember we could talk about anything
I remember when we used to want to hangout
I remember we could talk about anything
I remember when we used to want to hangout
I remember when we used to want to hangout
I remember when we used to want to hangout
I remember we could talk about anything
I remember x 3

Yeah we never talk about the future
Oh we never talk about the past anymore
We never ask ourselves the questions
To the answers that nobody needs to know

(Oh well oh well oh well)
So much for the afterglow
(Oh well oh well oh well)
So much for the afterglow
(Oh well oh well oh well)
So much for the afterglow
(Oh well oh well oh well oh)
Yes I guess we need the drama

So much for the afterglow x 17
