

# EverGreen, Laugh At Every Question

Afraid of sometimes, afraid of  
this spot you've been put in  
afraid of this time afraid of  
this serious question afraid of  
this time, afraid of this. soon  
enough the words. these words  
all repeat. you count on faith  
and your fingers soon run out  
of numbers and the pages soon  
run out of faces, faces pages,  
this time of this, soon enough  
the words, they all repeat.
