

# Evergrey, Blinded

Compelled to speak when not to speak  
My words lead & I follow  
I must talk or else I'm weak  
Let no one know my shell's hollow

False world created  
I just watch it come to life  
Your faith's my weapon  
And your trust by my side

Lost all my senses  
Can't feel, can't hear, I'm  
Blinded  
Lost all my senses  
Emotionally numb  
Blinded

Nothing's sacred & no one's safe  
I'm feeding on denial  
Getting careless soon bound to fail  
Fooled by my own betrayal

Are you lost in fury?  
Fearing to fail  
Are you aching for vengeance?  
And got lost on the way  
Are you hiding your anger?  
Fearing truth will prevail  
Ashamed of the present  
And what you've become today

False world created...

Lost all my senses...
