

Everlast, 2 Pieces Of Drama

2 pieces of drama
The hammer's bout' to fall
2 pieces of drama
there's gunplay in the hall
2 pieces of drama
Make peace with your momma, the consequence is dire
2 pieces of drama
Boy you know not to play with fire

He rocks a big ??? caber
A ping pong table for a ring
He's mentally unstable
To him murder it ain't no thing
He'll do you dirty style
He's holding dirty bile
He's out pumping on the corner
Trying to stay warm
And keep it cool like Miles

He keeps it fundamental
He's got the jeans and the bubblegoose on
There's murder on his mental
He's got the deuce deuce in his palm

And y'all know the fable
How cain did able
Ever since the beginning
The world keeps pinning just like a turntable

2 pieces of drama
The hammer's bout' to fall
2 pieces of drama
there's gunplay in the hall
2 pieces of drama
Make peace with your momma, the consequence is dire

La la la la la la la la (B Real Hand on the Pump sample)

When it's selling out back
Likes to pump crack
To the fiends that be getting high
He keeps his hand on the pump
He's ready to dump
On any chump that would even try
He got a finger on the trigger
He ain't scared to pull it
Head full of liquor
Boy you might catch a bullet
They're holes in stable
Drugs on the table
Everybody's sitting round
Watching cops on the cable
Dressed like a slob
Keeps his hair braided
He's never been robbed,
He's only been raided.
He's never known joy
The boy is so jaded
He's never been loved
He's only been hated
His soul's on ice
His heart is stone

Just another dead king
Rotting on his throne
With a pain that would
Cut you down to the bone
You're born alone
Boy you die alone
