

Everlast, All My Love

Gets all my love (4x)
Pick up the pace, keep it, freak it
Can ya keep a secret, so can I
Why ask why, try Bud dry
I get fly smokin' a thai, puffin' a blunt
Tokin' a spliff, stoppin' any crew that tries to rip
The House of Pain, Cypress Hill, Funkdoobiest
My girl's on the pill, so I can drill, and not have to kill
An unborn child cause that's just wild
I felt the pain, I built the house
All respect due to Mickey Mouse
Club, I'm rhymin' on the dub
Switch off the track so I can shout out my love

Yeah, you know my mother, she gets all my love
My sister Cassandra, my neice Jessica Rose
They get all my love, Danny Boy gets all my love
My DJ Lethal, he gets all my love
