

Everlife, Set Me Free

Everybody has a reason A longin' A hunger to reveal
It seems as if every where you turn
I was searchin' for the answer lying to be free

[Chorus]

You change me deep inside
I'm messing up look in my eyes
I'm searching for one true love
Take my hand and set me free

Everytime I'm drifted
Sailing out to sea
The rock of my salvation is callin' out to me
I'm waiting for a--
I'm--
I'm looking for the piece only you can fix for me

[Chorus 2x]

Your love has shown me free Now I'm free
Your love has shown me free Now I'm free
I'm free your love will never die
Yeah--

[Chorus 3x]
