

Everman, Miracle

I dont know how God could make a sparrow ride the wind in flight
And I cant believe the forces working endlessly that turn the day to night
My eyes have seen many wonderful amazing things
God created them its true
But I believe in miracles because I believe in you

I have seen the golden Texas sunshine set the sky on fire
And Virginia pine trees reaching up to heaven with arms that never tire
But nature shakes its head in wonder
At every lovely thing you do
And I believe in miracles because I believe in you

Though this world is full of evidence
That the grace of God must be true
I believe that He must love me beyond measure
Because Im holding you

I know my minds too small to comprehend His ways or fully grasp His love
Though I try to make the Father real to me,
sometimes I havent faith enough
But when I feel your heartbeat next to me
I know Ive found living proof
And I believe in miracles because I believe in you
I believe in you
