

# Evermore, Never Let You Go

Shadows fall and the darkness of night descends  
Concrete walls bring the road to an end  
I don't know which way  
Leads me back to you  
Every step that I take  
Brings your light into view

You took so long for me to find  
Yeah  
Suddenly our worlds collide

I'll never let you go  
I'll never let you go  
I've found you and now I know  
I'll never let you go

Yesterday never seemed so far away  
All this time you've been  
Right in front of me

You took so long for me to find  
Yeah  
Suddenly our lives intertwine

I'll never let you go  
I'll never let you go  
I found you and now I know  
I'll never let you go

When you go just let me know  
And I'll appear  
When you go just let me know  
And I'll be there

Cos I just wanna let you know  
That I will never let you go  
I found you and now I know  
That I will never let you go

I'll never let you go  
I'll never let you go  
I found you and now I know  
I'll never let you go
