Awai sora ga utsushita

Omoi ga kezu me ni tonde kita houseki

Hokori kabutta mama no zutto nemutteta kokoro ga madarete yuku

Kemuri no naka sagashimotometa koi no ANTENA

Negai komete kumORIZORA o tsukinukete

Hikari o sashita

Daremo shiru koto no nai aoi hoshi o

Yura yura oyoideku

Kedaku mo habataku tori no you ni

Jiyuu sae mote asobu gurai no kiseki

Jareru ka no you ni warau kimi no manazashi ni tokimeki o oboeta yo

Kimi ni deaeta koto wa heibonna boku no nani yori mo mirai de

Kusatte ita nurui kisetsu ni yokotawari

Sabotte ita ukemi darake no seikatsu ja

A jewel reflected by the pale sky

Unwittingly leapt into my field of view

My long-slumbering, dust-covered heart becomes distraught

The antenna of love that I sought in the smoke

Holding fast to desire and peircing the cloudy sky,

I pointed toward the light

I swim on through

The azure star the no one knows

Like a proud bird in flight,

It's a miracle that even allows me to play with freedom

My heart fluttered at your gaze when you laughed teasingly

For someone as unremarkable as me, meeting you is the best future of all

If I continue living a lazy, passive life

Reclining in a tepid, rotten season

Nothing will change

I swim on through
The azure star the no one knows
This hope is the foundation of my feelings for you
Clearly it's a miracle to be reborn

The antenna of love that I sought in the smoke
Holding fast to desire and piercing the cloudy sky,
I pointed toward the light

Even so
I cannot vanish things like uncertainty and sadness, but

I swim on
While wandering through the azure star
Like a proud bird in flight
It's a miracle that even allows me to play with freedom
