

# Every Move A Picture, Outlaw

Represent your country, man  
Ignore the blood on your hands  
The model American

Toby Keith won't you think for a while  
It's hard and I know it's not your style  
But you are all that you revile

Hey hey, Outlaw

Kneel down and testify  
Your sin is not even knowing why  
Tradition is not an alibi

Hey brother, look inside  
You've got guns and pride  
But truth is on our side

Hey hey, Outlaw  
This is last call

My only war lies through your chest  
Make up your mind  
You gonna give it your best yet?

Hey hey, Outlaw  
This is last call
