## **Exciter**, Destructor

We have the initiative to kill
You will be the prey tonight
Fighting hard shoot you dead at will
We're using hell's fire light
We have the power of the gods
Hallucination filling up your mind
Higher than you've ever been before
Screaming harder this time

Stunning your senses
Blinding your eyes
Submission comes fast when you're hit
Destructor defies

We are the rulers of the land Decieve us & D

Stunning your senses
Blinding your eyes
