

Exhumed, The Matter Of Splatter

Pernicious ' A ghastly Gordian quandary to elucidate
Pestiferous ' A nebulous necrotic novelty to navigate
Labyrinthine ' A contumely carnal conundrum to cogitate
Serpentine ' An exulcerated entanglement to execrate...

Hands stained and filthy from digging deep for the answer
That lies at the heart of the matter of splatter...

Eschatological ' The grave matters with which we struggle
Pathological ' The perverse perpetuation of this purulent puzzle
Repugnant ' The wretched riddle unravels in a reeking revelation
Repulsive ' The final fetid farce yields such a rancid realization

Now your morbid curiosity may finally be answered
Deep in the heart of the matter of splatter...

A morbid matter on which to meditate or mutilate
A deathly detail to deliberate and desiccate
A sombre study in which sagacity is tantamount to insanity
An insalubrious interest in the inhumed and the unsanitary...

An unhealthy pursuit of the purulent and parturient
A feculent fixation upon the fetid filth and excrement
An exhaustive examination of the excreted and the exhumed
A tireless appetite to hill the silt atop the tomb...

Nebulous ' The sanguineous solution is seldom seen before the last
Amorphous ' Seemingly always six deep feet beyond your grasp
Funereal ' Carnal cartography to chart the course of life's denouement
Corporeal ' The wretched revelation that you sought proves harder to swallow than you'd thought...

That anatomy is destiny is the unforgiving answer
Culled from the heart of the matter of splatter...
