

Exile, Scream (english version)

Anyone, anywhere, anytime, scream
Anyone, anywhere, anytime, scream
If you can see light in the future that we've grasped ahold of
Why...do we hurry on ahead?
My arms that are held high in the sky
No longer have any reason to feel pain
Still don't know what I'm looking for
Even if the world deceives itself
Still don't know what I'm looking for
I'll protect you
Passing through time, people repeat their conflicts
The connected thread will soon be cut
In order for this stagnant world to eliminate sadness
Only time must pass...
Anyone, anywhere, anytime, scream
Anyone, anywhere, anytime, scream
Everyone knows that on that day that can't be returned to
Desires run wild
We're hurting ourselves
Justice, in some cases, is the devil
You barely made it, now or never
Someone's wings were broken on that day
I wanna be there. Make it better
We arrived on the ground
Someday you can make it
It certainly sounded out, the scream of new life
Wherever I go, the pain will disappear
Angry feelings are hiding in the shadows
"Nameless me has not lost anything"
I'm still searching for it
Anyone, anywhere, anytime, scream
Wherever I go, will the pain disappear?
If I offer my feelings up to the darkness that I look up to
What is it that will be composed and revived in this world?
It's not over yet
Anyone, anywhere, anytime, scream
Wherever I go, the pain will disappear
Angry feelings are hiding in the shadows
"Nameless me has not lost anything"
I'm still searching for it
Anyone, anywhere, anytime, scream
Wherever I go, will the pain disappear?
If I offer my feelings up to the darkness that I look up to
What is it that will be composed and revived in this world?
It's not over yet
Anyone, anywhere, anytime, scream
It's fading in my mind
If I take back my memories from that day
Will our future change, I wonder?
It's something that I should be watching over now...
Anyone, anywhere, anytime, scream
