

# Exilia, Destroy My Eyes

Destroy my eyes  
Destroy my eyes  
Destroy my eyes  
Destroy my eyes  
Destroy my eyes

Wait, wait I'm still alive  
Your bullet is twisting me right  
While your racism has doubt

You should, you should bleed 'cause everyday is another war  
You should, you should weep 'cause everyday it hurts

Don't speak, don't speak, don't speak  
Is that what you wanted? wanted  
Don't speak, don't speak, don't speak  
Is that what you needed?  
You destroy my eyes

Sweet, sweet like a guillotine  
It's living in your paradox  
They, they who the fuck are "They";  
To tell me what is right or wrong?  
Should we, should we sleep? While your war is going on  
Should we, should we dream? When everyday it hurts?

Don't speak, don't speak, don't speak  
Is that what you wanted? wanted  
Don't speak, don't speak, don't speak  
Is that what you needed?  
You destroy my eyes  
Don't speak, don't speak, don't speak  
Don't speak, don't speak, don't speak  
Don't speak, don't speak, don't speak  
Is that what you needed?  
You destroy my eyes  
You destroy my eyes  
Destroy my eyes  
Destroy my eyes

Destroy my eyes

Don't speak, don't speak, don't speak  
Is that what you wanted? wanted  
Don't speak, don't speak, don't speak  
Is that what you needed?  
You destroy my eyes  
Don't speak, don't speak, don't speak  
Don't speak, don't speak, don't speak  
Don't speak, don't speak, don't speak  
Is that what you needed?  
You destroy my eyes  
Destroy my eyes  
Destroy my eyes  
Destroy my eyes
