

Exploited, Never Changed

I always there for you
You're never f**king there for me
That's the way it seems to be
And the way it's always been

(Chorus)
I never changed
I never changed
I never changed
Never never never never never never changed

I was always there for you
Always first in the queue
I used to do anything
And everything just for you

(Chorus)
I never changed
I never changed
I never changed
Never never never never never never changed

I'm still f**king here for you
No matter what you say or do
Cos that's the way i've always been
And you know that's f**king true

(Chorus)
I never changed
I never changed
I never changed
Never never never never never never changed
