

# Exploited, Police Informer

Don't tell him where you've been  
And don't tell him who you've seen  
You'll end up locked away  
Cos he'll call the cops  
Tell them what he seen  
Police informer  
Police informer  
Police informer  
You'll end up dead  
Don't tell him what you've got  
And don't talk about your mates  
Cos he'll grass them up as well  
Got to fix him before its too late  
Police informer  
Police informer  
Police informer  
You'll end up dead
