

Exploited, Punk's Not Dead

Said so near the punk is dead
Here was you a modern tend.(of tendention)
Don't let it losing don't any worse
and all cruise up tha the punk is dead

Punk's not dead I know x4

We're all punks and we don't care
That was price to dye our hair
Blow the trapist in your face
with about tone of noise

Punk's not dead I know x4

It ascros to any law
When I feel the day I die
We all here use just to walk around
Don't like dipshits all around

Punk's not dead I know x3

Punk's not dead I know it's not

Punk's not dead I know x3

Punk's not dead I know it's not
