

Extreme, Banshee

Moon lit pale
Gathering gale
Siren sings
Wail on a wing
Calling my name
Again and again
Haunting refrain

Fire in Her eyes
She-Devil in disguise
(Bewitched)
I'm bewildered beguiled
Caught up in a dream
Somewhere in-between
Rhyme and reason
Disbelieving
Banshee screaming
Falling from grace
I'm finally face to fate

She...
Banshee...
She screams...
Banshee be the death of me

Angel bring
Death and Her sting
Serpentine kiss
Narcotic bliss
Pleasure pain
Mainlining vein
My my my my heroine

Lost in Her lament
Hell or heaven sent
Jesus make my dying bed
Caught up in a dream
Somewhere in-between
Head is spinnin'
Body's willin'
Cheshire grinnin'
Falling from grace
She's calling out from the grave

She...
Banshee...
She screams...
Caught up in a dream
Banshee got me down on my
Knees... Banshee hear me screamin'
Banshee...
She screams...
Banshee got me down
Six feet underground
Banshee be the death of me
