

Extreme, Peace (Saudade)

Heavy is the burden that brings you to your knees
Lost in the confusion of lifes uncertainties
Feel youre suffocating with every breath you take
Moment left remaining
Time for you to pray
Time for you to pray

Pray for peace, pray for peace
Pray for peace, pray for peace

Whirl wind shes a-turning the rivers on the rise
Suddenly surrounded in the middle, middle of her eye
Light precedes the thunder trembles
Trembles and it shakes
The ground your feet are under
Time for you to pray
Time for you to pray

Pray for peace, pray for peace
Pray for peace, pray for peace
