

Extreme, Song For Love

I lie awake with open eyes
My love just died
I'm cold inside

Can't face the thought to be alone
All by myself on my own
Love's come and gone

I look around and see the hearts that still are broken
I can't believe all of our hearts remain unopened
Can't go on and on with that same old song

So wipe off the frown and turn around and face each other
Come on, come on, let's sing a song
A song for you, a song for me, a song for love

All for one and one for all together
Singing a song for love
You and I are none without the other
Singing a song for love

You let the time pass by
Big boys don't cry
Believe that lie "(Why do I?)"

A broken heart can never mend
Is this the end?
Listen my friend

These walls of hate that separate one from the other
Time to rebuild bridges of love one to another
Come on, come on, let's sing a song
A song for you, a song for me, a song for love

All for one and one for all together
Singing a song for love
You and I are none without the other
Singing a song for love

All for one and one for all together
Singing a song for love "(Everyone, sing along)"
You and I are none without the other
Singing a song for love "(Singing, singing a song)"
Come on, yeah, come on, come on everybody

All for one, one for all
Singing, singing a song
You and I, you and I, can love to fly
Singing, singing a song

All for one, one for all
You gotta, yeah, yeah, yeah
Singing a song for love
