

Extreme, Teacher's Pet

My formal education
Never bothered with my abc's
Teacher student relation
Taught me all about the birds and bees

School boy fantasy
Lose control of all my faculties
You know that one thing that got through to me
Was her body chemistry, oh no, ooh

Subject to body language
Ain't so bad to read between the lines
I scored above average
Oral examination is where I shine

School boy fantasy
Lose control of all my faculties
Student body
Graduated at the highest degree

You know that one thing that got through to me
Was her body chemistry, oh no, ooh
Purely scientifically
Studied her anatomy, oh no, ooh

You know that one thing that got through to me
Was her body chemistry, oh no, ooh
Purely scientifically
Studied her anatomy, oh no, ooh

One thing that got through to me
Was her body chemistry
Purely scientifically
Studied her anatomy

One thing that got through to me
Was her body chemistry
Purely scientifically
Studied her anatomy

One thing that got through to me
Was her body chemistry
Purely scientifically
Studied her anatomy, oh no, ooh
