Transcending space and time
Boundary or borderline
No nationality
Tribe or ethnicity
No link or lineage
Bloodline nor heritage
No genealogy
Fruit from a family

Love is all, all you need
Love is all, let it bleed
Love is all, all you need
Love is all, let it bleed

Love is thicker than blood
Love is thicker than blood
Love is thicker than blood
Love is thicker than
Love is thicker than blood
Blood is never enough
Blood is never enough
Blood is never enough
Love is thicker than
Love is thicker than blood

Does not discriminate
With color creed or race
No substitution
Or blood transfusion
Blood running through your vein
(Blood) taking thy name in vain
(Blood) faith hope and charity
(Blood) blood has no guarantee

Just take a look around
There's so much to be found
Open your heart and you'll find in you

Love is all, all you need
Love is all, let it bleed
Love is all, all you need
Love is all, let it bleed

Love is thicker than blood
Love is thicker than blood
Love is thicker than blood
Love is thicker than
Love is thicker than blood
Blood is never enough

Just take a look around
There's so much to be found
Open your heart and you'll find in you

Love is all, all you need
I said, love is all, let it bleed

Love is thicker than blood

Love is thicker than blood
Love is thicker than blood
Love is thicker than blood

Love is thicker than
Love is thicker than blood
Blood is never enough
Blood is never enough
Blood is never enough
Love is thicker than
Love is thicker than blood

Come on
Come on
Ah, come on
