

# F4, Ni Bu Ai Wo Ai Shui (Who Do You Love If Not)

This song goes out to all the females who's hearts been broken  
I'm only hear to do one thing  
And that's to bring it back  
So relax, lay down, close your eyes, spread your heart  
And check it out  
Here we go

From the first when our eyes ever made contact  
Stepped back, tried to relax  
But stead felt a heart attack  
Could it be that, that I see that  
I'll be standing next to you whenever wherever you'll be at  
Words maybe strong when it's the first time you hear them  
Baby, know you're scared but nevertheless try to hear them  
No false pretenses, nothing but the real deal  
Love coming from the man of steel

Chorus 1:  
Everywhere  
Dou shi ni de lian  
Ni yi xiao  
Wo bei bao wei  
Zhe fen ai  
Dao chu dou you bian sian  
Yi kua jiu bei chui fan gui  
Everywhere  
Wo dou bu hui bian  
Yue xiang ni yue duo gan jue  
Ni bu ai wo  
Wo wen wen wen ni hai neng ai shui

Look in my eyes  
Baby truth and not lies  
The questions of what and why  
let them die  
Cause now's the time to fly  
So close your eyes and leave this lonely past behind  
And just let me hold you not scold you  
Cause baby I told you  
That the only thing I want  
Is to grow old with you  
Look in your heart  
Cause I know I've got the parts  
To feed what you need  
Baby zap it from the start

Chorus 2:  
Everywhere  
Dou shi ni de lian  
Ni yi ku  
Wo xian tian hei  
Zai wei sian  
Wo ye bu pa wei sian  
Bao siao jia zai ni yan qian  
Everywhere  
Wo dou bu hui bian  
Zhe ke xin  
Mei you shang xian  
Ni bu ai wo  
Wo wen wen wen ni hai neng ai shui

Now brace yourself and prepare  
For tender loving care  
No need now to stare

No none other can compare  
Now for a close-up  
Baby back that thing up  
And let this thing called love  
Take its course so we can live it up  
My future's with you  
I can see it, ever so clearly  
taking it slow  
Cause you're the only one for me  
So here's my heart for you  
Now and forever more  
Cause you're the only one that I adore

chorus 2
