

Faber Drive, Sleepless Nights

Another sleepless night
I'm still starin at the ceiling
I can hear him fightin
With her for no good reason
Will this ever end?
Will this house be a home again?
If I had my way
I'd corner him and say

Put yourself in her position
All she needs is recognition
Love's not enough when you say it
Don't you know you've gotta mean it
Screw in up the best thing ever
Is something you'll regret forever

Another day goes by
And nothing changed, he's still the same
I can hear her cryin'
Thinkin she's the one to blame
Will this ever end?
Will this house be a home again?
If I had my way
I'd corner him and say

Put yourself in her position
All she needs is recognition

Love's not enough when you say it
Don't you know you've gotta mean it
Screw in up the best thing ever
Is something you'll regret forever
Take her and make sure she feels it
Let her know you'll never let her go

Screw in up the best thing ever
Is something you'll regret forever
Another sleepless night
Nothing changed, he's still the same
Another stupid fight
And someone's gotta say

Put yourself in her position
All she needs is recognition
Love's not enough when you say it
Don't you know you've gotta mean it
Screw in up the best thing ever
Is something you'll regret forever
Take her and make sure she feels it
Let her know you'll never let her go

Put yourself in her position
All she needs is recognition
Take her and make sure she feels it
Let her know you'll never let her go
