Fabolous, My Life

(feat. Mary J. Blige)

[Mary J. Blige] [harmonizing] All my love is all I have All my life I look for you

[Verse 1 - Fabolous] I'm just Fab, I see how Mary be now But I can barely be found And I rarely be round But when I do, the jury be drowned And you can see how clear the Pile Vase, and the Canaries be now The top on the 5 series be down And I'm chillin' where them little houses on the prairie be now Although there was a time I would barely see fowls But I'm gettin' a multi-million dollar yearly fee now Girls, don't even know me, want to marry me now Dudes, I thought was homies, want to bury me now That's why I keep a bulletproof vest, no matter where we be now And I carry three pounds, and nearly three rounds I take whatever the verdict from the jury be now Rather than friends, it's pallbearers that carry me round Everybody staring unnecessarily now But there's no tints on my lights, so you can clearly see now

[Chorus - Mary J. Blige] All my love is all I have And my dreams are very special All my life I looked for you And today your dream come true You need me and I need you Lovin' us is very special Lovin' life and life and livin' Your very special

[Verse 2 - Fabolous]

Ya'll can never be built like me, even if ya'll look at my blueprint But since ya'll watches look like its movement I'll show you how video games look on the new Sprint Flip out digital screens, look in the new Bent 100 and flat screens, look in the new Pint Even our Air Forces lookin' to new tints I stay away from anythin' that look like a nuisance But ya'll gotta peep this rookie's improvement I tip it with you and Cause most dudes was doin' verses for a few dollars and a hook for a few cents All I do is try to teach and look to influence But it look like the students are playin' hooky, and truin' And some say that we lookin' like new gents But money talks, and it don't look like ya'll fluent And ya'll done seen how this young'n look in the new pints But it's my life and you can't look in the new tints

[Chorus]

[Verse 3 - Fabolous] Uh, If I could say so myself, I came a long way Even though I feel like the same old John J. Nothin' change, when I aim, I'm gonna spray When I eat, I order the same old entree When I ride, I let the same old songs play And when I work, I do the same old long days From bein' Fab, to looked at by dames the wrong way They know where we came, from the name they call me I already know what these lames is gonna say And I already seen what games they gonna play Fuck with family, don't say the name the wrong way And when you die, ya'll crackers gonna blame it on strays

[Mary J. Blige] Cause love is life, and life is livin' Your very special [harmonizing]

[Chorus - w/ variations]

[harmonizing] Me and Fab are very special [harmonizing] Me and Fab are very special
