

# Face To Face, Hollow

I'll never feel again, I'll never feel again  
and I wont have to feel this pain I'm in  
I'll never feel again, I'll never feel again  
and I wont have to feel this pain I'm in

If it sounds familiar, cuz nothing ever goes the way I planned  
if it sounds peculiar, and you dont have to try and understand

I'll never feel again, I'll never feel again  
and I wont have to feel this pain I'm in  
I'll never feel again, I'll never feel again  
and I wont have to feel this pain I'm in

I'm not a great example, of everything the world expects of us  
no im no exception, question everything I used to trust  
question of necessity or lust

I'll never feel again, I'll never feel again  
and I wont have to feel this pain I'm in  
I'll never feel again, I'll never feel again  
and I wont have to feel this pain I'm in

It's as simple as you make it! It is complicated, as who you think you are!
