

# Face To Face, Shoot The Moon

Back in '95 when this was new  
I guess I didn't have a clue  
I thought the world would change with the right song  
So we picked it up and moved it out  
And turned the whole thing upside down  
I told myself it wouldn't be too long

And I believed in everyone  
And everything they told me  
And I believed that anything  
Anything was possible

Shoot the moon  
Shoot the moon  
Shoot the moon  
Hit or miss it makes no difference

Back when everything was looking up  
I thought I'd never get enough  
I didn't let the world obstruct my view  
And we thought that it would never end  
We had our fun in spite of it  
And paved the way for something slightly new

Graded On A Curve
