Face To Face, Shoot The Moon

Back in '95 when this was new
I guess I didn't have a clue
I thought the world would change with the right song
So we picked it up and moved it out
And turned the whole thing upside down
I told myself it wouldn't be too long

And I believed in everyone
And everything they told me
And I believed that anything
Anything was possible

Shoot the moon
Shoot the moon
Shoot the moon
Hit or miss it makes no difference

Back when everything was looking up
I thought I'd never get enough
I didn't let the world obstruct my view
And we thought that it would never end
We had our fun in spite of it
And paved the way for something slightly new

Graded On A Curve
