

Failure, Petting The Carpet

special demons
from under hell
they've come to say
you're not so great

petting the carpet
sob louder
flow strong
both scream
at people
and hard tears
land soft

special demons
from under hell
they've come to say
you're not so great
you're not so great
you're not so great
you're not so great

petting the carpet
sob louder
flow strong
both scream
at people
and hard tears
land soft

special demons
from under hell
they've come to say
you're not so great
you're not so great
you're not so great
you're not so great
