

Fairport Convention, White Dress

(Dave Swarbrick, McTell)

Feel how the wind blows, December despair

Bring me a ribbon to tie up my hair

I'll be your bride, go where you go

All of my life, you'll be my beau

chorus:

Kiss me and I might

Put on the white dress

If you'll take me dancing tonight

The night's in your face, sky's in your eyes

The day's in my arms when you're by my side

Whenever you're weary I'll sing you a song

Whenever you're lonely I'll show you you're wrong

chorus

Come from the window, let's climb the stairs

All of my sorrows are none of your cares

While life is in us, let's love all we can

I'll be your woman if you'll be my man

chorus
