

# Faith Evans, Get Over You

I can remember the day and time that we broke up  
It was December and the holidays were coming up  
I didnt expect to loose all of the time I shared with you  
But now that its gone I find myself longing for you

[Pre-Chorus]

No doubt about it Im sorry for the way things worked out  
If I could change it I would change it but I dont know how  
Oooooooooooooooooooooo  
(No I cant aint no need to cry when I know the reason why)  
You chose to leave me but I still wish you were here with me

[Chorus]

Its true I cant get over you  
No matter what I do  
Even if I try I, I cant get over you

I can remember calling your phone and hanging up  
Cause I was to afraid to talk, if by chance you picked it up  
But now that I done thought about it,  
Id feel better if we talk about it  
And let you know whats on my mind  
See I wanna try to make things right.

[Repeat Prelude]

[Repeat Chorus]

Lately Ive been doing some reminiscing  
Id be lying if I said that I dont miss you  
I have feelings from deep in the past  
Cause now I need you back  
It wasnt so bad

[Repeat Chorus 2x]

I cant get over you  
I cant get over you  
No I cant get over  
Said no way I cant get over  
I cant get over you  
Alright yea yea
