

Faith Evans, Love Song (Interlude)

This is a love song
This is a love love song
This is love love song
And I'm singing it for you
You baby
That's what it is
A love la la love song
That's what it is
Nothing but a simple little love song
And I want to sing it for you baby (singing it for you)
Singing it for you
Singing a love song
Singing a love song
Singing a love song
Love song
