

Faith Evans, Lucky Day

[Chorus 2]

Today...is a lucky day
We can...get away
Just tell the dj to play (and play)
I just want to hear you play my favorite song
I just to hear you play my favorite

[Verse 1]

Dj's got me feeling kinda sexy
Got my body moving on the floor
Everytime i hear that Funky music
I just let the rhythm take control
Come on...come on

[Chorus 1]

I like the jam your playing for me (don't stop don't stop that jam)
Don't stop the jam just play it for me
(it's that jam yeah, it's that jam yeah)

[chorus 2]

[Verse 2]

When you put the needle on the record
Ain't nobody standing on the wall
Everybody's stepping at this party
Doing what we're doing
Everybody just get down and have a ball

[chorus 1]

[chorus 2]

[Bridge]

Let the music play till the break of day yeah
Got to feel the groove got to make a move
As we dance all night till the morning light

It's that jam [x4]

[Chorus 2]

Come on get up and dance [x8]
