

Faith Evans, Stay (Interlude)

Oh, yeah, yeah, yeah, yeah, yeah
Oh yeah

Why can't you stay
With me for just a while
Cuz if you leave
You'll take a piece of me
Why can't you stay
With me for just a while
Boy, you know you have the key to my heart

Living my life without you
Something I don't wanna do
So please don't walk away
And leave me all alone
Baby, stay for just a while

Why can't you stay with me
For just a while
Cuz if you leave
You'll take a piece of me
Why can't you stay
With me for just a while
Boy, you know you have the key to my heart
