Maybe I just took too much cough medicine
I'm the best worst thing that happened happened to you yet
The best, worst thing

You take the full full truth and you pour some out
You take the full full truth and you pour some out
You can kill me kill me or let guns on the map

But it's your friend 'cause I really care about

You take the full full truth and you pour some out
You take the full full truth and you pour some out
And as we're drifting off to sleep
All those dirty thoughts of me
And it never goes to keep, keep

We're the things that love destroys
-I'm an American, I'm an American-
You, me, us, them, we're just resurrection men
-I'm an American, I'm an American-
Us we were only there to make you live again
-I'm an American, I'm an American-
Us we were pity sex, nothing more and nothing less
-I'm an American-
