

# Fall Out Boy, Sophomore Slump Or Comeback O

Are we growing up or just going down?  
It's just a matter of time until we're all found out  
Take our tears, put 'em on ice  
'Cause I swear, I'd burn this city down to show you the light

We're the therapists, pumping through your speakers  
Delivering just what you need  
We're well-read and poised  
We're the best boys

We're the chemists, who found the formula  
To make your heart  
Swell and burst  
No matter what they say, don't believe a word

'Cause I'll keep singing this lie  
If you keep believing it  
I'll keep singing this lie  
I'll keep singing this lie

Are we growing up or just going down?  
It's just a matter of time until we're all found out  
Take our tears, put 'em on ice  
'Cause I swear, I'd burn this city down to show you the light

We're travel like gypsies only  
With worse luck and far less gold  
We're the kids you used to love  
But then we grew old

We're the lifers, here 'til the bitter end  
Condemned from the start  
Ashamed of the way the songs and the words  
Own the beating of our hearts

'Cause I'll keep singing this lie  
I'll keep singing this lie

Are we growing up or just going down?  
It's just a matter of time until we're all found out  
Take our tears, put 'em on ice  
'Cause I swear, I'd burn this city down to show you the light

And there's a drug in the thermostat to warm the room up  
And there's another around to have us bend your trust  
Got a sunset in my veins  
And I need to take a pill to make this town feel okay

The best part of, "Believe" is the lie  
I hope you sing along and you steal a line  
I need to keep you like this in my mind  
So give in our just give up

The best part of, "Believe" is the lie

I need to keep you like this in my mind
