

# Falling Sick, Gonna Try

What is there to do?  
I'm sick and fucking tired of sitting on my ass  
staring at the headlines  
watching the world go by  
I gotta find a way  
to make it all make sense  
I gotta find the reason  
I gotta find out why...  
why I'm so fucked up  
Life can be a pointless fucking mess sometimes  
I can't help but wonder why  
what's the goddamn point of trying  
to do anything at all  
you tell me things'll be better tomorrow  
I have my fuckin doubts- oh yeah  
but I'm gonna try  
I'm gonna try  
it's my only chance to escape it  
why can't people see that life is too short  
to be wasted on a lost cause  
humanity is stupid  
people can't see that we're destroying ourselves  
I gotta find a way  
to make it all make sense  
I'm gonna find the reason  
I'm gonna find out why...  
why I'm so fucked up
