

Fame, Anyway You Want It

Music: Stefan Brunzell/Thomas G:son Lyrics: Thomas G:son

I need the lovin'
I need the feelin'
I need the sense of a human touch
I feel it comin'
My body's heatin'
can't get enough, I can't have too much
and now I'm lost in my one dimension
can't away from my one-tracked mind
How can I do without you being with me

Anyway you want it
Anyway you wanna go
Say a word, you got it
Anything, I won't say no

Not that I needed
Not that I wanted
I'm just addicted to all of you
The way I see it
I always saw it
Yeah we we're meant to live life through
And now I'm lost in my one dimension
can't away from my one-tracked mind
How can I do without you being with me

Anyway you want it...

And now I'm lost in my one dimension
can't away from my one-tracked mind
How can I do without you being with me
How can I do without you

Anyway you want it....
