

# Fame Factory, Bad Temptation - Andre's

I've got a call from the flat next-door  
One time  
Two times  
It's an awful a canning nor  
A bad temptation  
In the once so I'm back for more  
One time  
Two times  
Knock, knock  
At my door  
The bad temptation  
Tonight, tonight

REF:  
Take me off now  
I knew your face  
Shake me off now  
The nothing save you  
Can burn like a sun  
God I needed time  
A bad temptation  
Take me off now  
I knew your face  
Shake me off now  
Nothing save now  
I'm flat and I'm send by a wacky ill  
Bad temptation

Again you live with the barrow of the pain  
One time  
A two times  
You keep me up, for within my brain  
A bad temptation  
Your trip banned over me  
One time  
A two times  
You play a game then you walk away  
A bad temptation  
Tonight, tonight

REF: It's so up now, temptation
