

Fame Factory, Love And Pride- Sabina Baltzar R

My love, my heart, will always be with you
Don't try to hurt me anymore
I think it's time for me to show
That my pride, is so strong and my life most carry on.
Don't try to sheet on me again
Baby you now I will be gone

My pride, my love, this things don't go together
It's imposible to change
My pride, my love, remember this I tell you now
It's so difficult to hide
I'm a girl with to much pride.

Her tonight my love, will be the last goodbye
Don't try to make things better now
Baby pleas leave before I cry

My pride, my love, this things don't go together
It's imposible to change
My pride, my love, remember this I tell you now
It's so difficult to hide
I'm a girl with to much pride

It's so sad, so sad it ends this way
It's to bad, there's no sense for us this way

Ohoohohoooo

My pride, my love, this things don't go together
It's imposible to change
My pride, my love, remember this I tell you now
It's so difficult to hide.....
I'm a girl with to much pride
