

# Fame Factory, Power Of Life

There's a spirit inside us all, baby  
That needs to fly away and smile  
And in your dreams you can be it  
Be prepared to leaving maybe just a while

Power of life, has land in tonight  
And if you don't get here in time  
You'll have to wait,  
For a thousand of years to go by

So I was saying, let's start dreaming  
And it could all come true today  
Cause it's all up to you now  
You've got the message, hear me when I say

Power of life, has land in tonight  
And if you don't get here in time  
You'll have to wait,  
For a thousand of years to go by

If you open up your senses  
You will feel it in the air  
Now you heard it's coming, it's coming,  
It's coming your way

Power of life, has land in tonight  
And if you don't get here in time  
You'll have to wait,  
For a thousand of years to go by

Power of life, has land in tonight  
And if you don't get here in time  
You'll have to wait,  
For a thousand of years to go by

Power Of Life
