

# Fame Factory, Where Were You - Anders Johansson

Out on the road again  
Left it all behind  
Another stop in a small town  
Crowd on the cord up stands  
Girl in white, turns around  
Oh my God, she's the one  
Always late in many  
Passes me by  
That's the story of my life

(Chorus)  
Where were you (where were you when I needed you)  
Where were you when I needed you, baby  
Every lonely night (every lonely night)  
That I spent on my own  
Where were you

Smile from the chained window  
As leaves me behind  
Oh yeah (I wish that I could turn back time)  
Always late in many  
Passes me by  
That's the story of my life

(Chorus)  
Where were you (where were you when I needed you all my life)  
Where were you when I needed you, baby  
Every lonely night (every lonely night that I spent)  
That I spent on my own  
Where were you, all my life (where were you)  
Where were you (all my life)

Could it all be different  
If I'd only got there in time  
Oh yeah, I will never know  
That's the story of my life

Every lonely night (every lonely night that I spent)  
That I spent on my own  
Where were you

(Where were you when I needed you all my life)  
Where were you, oh yeah  
Every lonely night (every lonely night that I spent)  
That I spent on my own  
Where were you, all my life

Every lonely night, oh oh  
All my life  
All that I spent on you  
Where were you, oh yeah  
Where were you
