

# Fancy, Island Of Dreams

Ocean of sadness  
Filled with tears and with eyes  
Ocean of madness  
Filled with age and old lies  
When the tide is turning  
All the ships come in again  
When our hearts are burning  
We're leaving if we can

Island of dreams  
Love and devotion  
Island of dreams  
People in motion  
At the end of nowhere  
Very close to paradise  
Island of dreams  
Words of desire  
Island of dreams  
Moments of fire

You will see it look into my eyes  
Island of dreams  
Island of dreams

Mountains of sorrow  
We will climb  
You and I  
There's no tomorrow  
No reason to cry  
There's a far horizon  
And there's an island  
Far behind  
And at night you'll find it  
'cos it stands in your mind

Come with me  
On a journey  
Into the shadows of our world
